ENDOMETRIOSIS

An Intensive Workshop Series Exploring Both Classical Western Medicine & Holistic Approaches to Endometriosis; Diving into the Emotional Root Causes; Honing in on Advice on Nutrition, Supplements, Herbs, Bajos (Yoni Steams), Lifestyle Advice, Aromatherapy; & with Specialised Yoga & Meditation

Format: Weekly Zoom Workshops during the Autumn of 2025 – dates & times tbc (will be chosen together with the attendees). Recordings will be made available for those who cannot attend the live sessions.

Teacher: dr. Japjeet Rajbir Kaur

During these 6 online sessions, we will look in detail at Endometriosis and at a plethora of natural ways that you can use to not just manage symptoms but heal your body.

During **Session 1 (90mins)** we look at:

- what Endometriosis exactly is
- how it is diagnosed
- the varied list of possible symptoms
- important related health issues to monitor

- what *conventional* medicine offers as options for treating Endometriosis symptoms (and seeing which routes you have been taking so far, with discussions of the pros & cons you've experienced). I will pay special attention to the documented risks of hysterectomies as they are so often suggested in case of endometriosis.
- time for questions & interaction

Session 2 (90 mins) focusses on:

- creating an understanding of the pillars of a holistic, "functional medicine" approach to Endometriosis
- nutrition
- supplements
- micronutrient support

Session 3 (90mins) is dedicated to:

- herbal therapies
- aromatherapy (individual oils & recipes)
- 'bajos' (yoni / vaginal steams)
- lifestyle changes

In **Session 4 (90 mins)** we dive into:

- the main emotional contexts in which Endometriosis typically develops (i.e. the common Emotional Root Causes for Endo), with an exploration of how they ring true for you
- Guided healing meditations to start addressing the above emotional root causes
- time for sharing

Sessions 5 & 6 (90 mins each), lastly, are 2 specialised yoga & meditation sessions that focus on crucial aspects of Endometriosis healing (liver health, hormone balance, and stress management). These sessions will be run for both the attendees of the attendees of the Endometriosis Womb Health series AND the attendees of the PCOS Womb Health series (which will run roughly parallel with the PCOS series), as the focus I'm choosing for these sessions very much overlaps for both conditions.

Total: 9 hours.

Energy exchange: £130.

(For comparison: I also offer private consultations on Endometriosis, but they cost £75 for the first hour, £70 per hour after that, and we typically need 2-3 hours to just cover the essentials,

at least 4 hours to cover the full package I'm addressing here, and those hours still wouldn't include any yoga sessions yet, which are £75 for a 90mins 1-2-1 class).
