

## **Women's Retreat with Yoga, Rebozo Massages, Closing the Bones / Cerrada Wrappings, Sound Healing, Womb Healing & More**

**Wednesday 1– Sunday 5 JULY 2026 – Starting with lunch 1pm on Wednesday; finishing at 1pm on Sunday before lunch (lunch can be added, optionally, if you'd like to stay for that)**

On the beautiful “Unesco World Heritage” Isle of Portland on Dorset's Jurassic Coast

**Location:** 5 Ventnor Road, Fortuneswell, Isle of Portland, DT5 1JE

There is 1 thing of utmost importance to any woman.

*And* it's the hardest thing to do for most women.

Relaxing. Switching off. Stopping the nurturing that is not just a *part* of our nature, but that *IS* our nature.

And instead: taking care of ourselves first, thinking of ourselves first. Just for a few days.

*\* Both pictures above are of statues found in Tout Quarry on the Isle of Portland, near the retreat house.*

We hardly ever get the chance to do so in our daily lives. And hardly any of us succeed in doing it guilt-free. But our health and creativity depend on it, our sanity depends on it, and our entire family & environment – those people we take care of day in day out – , they too depend on it!

And if you're perimenopausal, or neurodivergent, or a caregiver, or have just gone through a period of upheaval and stress – all the above is even more true !

*Self-relaxation is the highest discipline. An unrelaxed person cannot communicate with others nor with God.*

So for the third year in a row in this location, we will retreat for a few days together into a truly welcoming oasis of peace on one of the most beautiful islands of the English coast – the Unesco World Heritage Isle of Portland on Dorset's Jurassic Coast. Portland is a small island – you can walk its circumference in a day's time – characterised by magnificently rugged cliffs, hidden coves and beaches, and the world-famous Portland stone, and is home to wildlife – fauna & flora – that is unique in the world. From the East Weares over Portland Bill to the West Weares – every inch of this island is just stunning (*see the picture gallery further below*), and it's almost entirely left alone by tourists, as it mostly attracts just rock climbers, divers & water sports aficionados, and lovers of wildlife. Even during the holidays Portland stays fairly quiet, as most tourists stay on mainland Weymouth and the mainland Dorset coast – which means we can stay far from the hustle and bustle of daily life or touristy summer locations, and embark on a guilt-free journey of relaxation, revitalisation and profound rejoicing in an intimate circle of sisters (we only have space for max. 8 participants).

And we'll have the ocean on our doorstep – literally a 10min walk away, with the house offering views onto it from every room at the front of the house !

We will practice **Yoga** (Kundalini & Yin – including pranayama, meditations and practices specifically intended to help us women relax) as well as **yoga nidra** (yogic sleep – this we do accompanied by a **detoxifying liver pack**); we will nurture ourselves with **Rebozo massages** (a **Self-Massage & Self-Wrapping session, as well as various sessions where I'll massage or wrap you**); we will let ourselves drop deep within while we receive **group-Closing the Bones ceremonies and Rebozo wrappings** that will allow us to feel the essence of sisterhood and what it means to be held and loved unconditionally; we will be rejuvenated and healed by the sounds of the Gong in an evening **Gong Bath**, as well as by a **Crystal Bowls Sound**

**Healing**; we will have **Womb Healing & Tuning Fork** sessions; we will soak in and be healed by the **powerful energies on Portland** – the energies of the ocean, the rugged cliffs, the unique and extraordinary local fauna and flora (from which we'll also forage, to encourage further internal healing), the strong winds, ... Basically: we'll do what we are meant to be doing regularly, but mostly don't do enough of – and we will learn simple techniques and tools to help us efficiently deal with stress and tension once we return back home.

We will of course **go out and explore** Portland's stunning natural surroundings, **swim** on the beautiful hidden beaches, **hike** along the coastline, **go out onto the water**, and practice yoga and meditate to (and sometimes just quietly take in) some of the most stunning views, including in some astoundingly beautiful 8-acres **Water Lilies Gardens**. With some luck we might even get to see dolphins, as these often visit Portland's harbour and swim around the coast, as do seals and other sea wildlife.

And you'll be in wonderfully capable and nurturing hands: We will be **nourished by delicious wholesome food** prepared by our wonderful host Puran Arianna (some pictures of dishes Arianna has cooked for my groups are included below). And Japjeet is reputed (and 13 times awarded) for her incredibly rich yogic knowledge and her ability to bring deeply complex teachings in a way that is very easy to understand and grasp for all, whether students have any prior knowledge or not. She leads a life with spirituality at its core (particularly Sikh (Gurmat)

teachings), which makes for quite a different life from most people around her, yet at the same time she is very down-to-earth and ‘real’, and she knows how to make ancient teachings practical, tangible and easy to integrate in a modern Western life. Japjeet is open and direct in her teachings and cuts to the essence, but she does so with a lot of love & compassion for – and always in service of – her students. *(more about us both below at the end of this folder.)*

The attendees from the past 2 years really loved the experience (to the point of coming back for more), which is why we’re offering it again:

- *I have so deeply enjoyed this retreat. Delicious food, such a warm welcome, a gorgeous island, and the retreat program was absolutely wonderful. I really loved the variation of everything that was offered, pure indulgence in me-time, self-care, inspiring teachings, great tips around lots of things that can be done at home too, ... And I loved how all of this was alternated with walks and hikes on the island. I’d absolutely recommend this retreat to any woman ! (Julie Messiaen)*
- *The retreat was wonderful, like taking a long bath in feminine energy. The pace was relaxed, but the days seemed to last forever. Great variety of activities and good balance between group and own time. I loved the fact that Japjeet and Arianna carefully attuned to the needs of the group. The island, what can I say ...? I fell in love and will be back! (S. V.)*

**I’m adding in a picture gallery here of photos I’ve taken on Portland over the years of running trainings here, as visuals are really the best way of appreciating what this island, and mainland Weymouth across the harbour, has to offer. There are *more* pictures of the nearly surroundings, the yoga room, the house, the available bedrooms etc. further down the folder.**

## • ***Getting here***

### ***Getting here by car***

Simply follow the satnav instructions for the postcode – there is limited parking on the street, more at the end of the road.

### ***Getting here by train or plane***

The nearest train station is Weymouth station (on the mainland). From Weymouth you can take a bus or taxi to Portland – the venue for the training is located in Fortuneswell, which is the first village on the island, so easily accessible.

Weymouth station is on a direct line from London Waterloo station (a 3h15min train ride).

For people travelling from Europe, the Brussels-London Eurostar takes 2 hours and arrives in London St Pancras. From London St Pancras you want to give yourself around 30-45mins to

reach London Waterloo station (and you'll likely need some extra time for passport checks since Brexit). But that gives you an idea about travel times and options.

The nearest **airport** is Bournemouth (BOH) airport, which is 31.7 miles away. Other nearby airports include Southampton (SOU – 55.6 miles away), Bristol (BRS – 60.2 miles away), London Heathrow (LHR – 108.5 miles away) and London Gatwick (LGW – 109 miles away) – travelling on by train to Weymouth is easy from all those locations.

***If you'd like to spend some extra time on the island before or after the training, there are various wonderful activities here:***

Rock climbing

- 
- Paddle boarding
- Paddle board yoga
- Windsurfing/kayaking/sailing
- Endless beautiful walks and hikes – both on Portland and on Dorset's mainland the opportunities for hiking are extraordinary
- Gathering herbs on the island
- Exploring Portland's many coves

- 
- Trips to Portland Bill, with option to go up the lighthouse (there is an entry fee for the latter)
- Tour of Portland castle (entry fee)

- Exploring Portland and Weymouth harbour, taking the ferry between the two, watching for dolphins in the harbour, taking boat trips along the Dorset Jurassic Coast
- Glass bottom boat trips in the Fleet Nature Reserve, which is known for its extraordinary wildlife
- ‘Earth therapy’ – working/weeding on Puran Arianna’s allotment or in her garden – a fabulous support for inner processing!
- Trips to Weymouth on the mainland – there are some beautiful castle ruins (Sandsfoot Castle) and Nothe Fort, Portland-Weymouth is the world’s largest man-made harbour, there are several gardens (including subtropical ones) not far-off, and of course the entire stretch of Dorset’s Jurassic Coast if you want to stay longer (Durdle Door, ...), ...

### ***Teacher: Japjeet Rajbir Kaur***

Dr. Japjeet Rajbir Kaur (° in Belgium, but based in Leicester since 2012) gained her PhD in 19<sup>th</sup>-century literary studies and worked in academia (at K.U.Leuven in Belgium & Penn University in Philadelphia, USA) for over a decade before she left her academic career in 2011 to embark on a life fully focused on serving others in their journey towards consciousness, awareness and healing. She started teaching yoga and working as a holistic therapist in 2008 already, but since 2012 this has become her full-time employment. She is a Kundalini Yoga & Yin Yoga teacher, she’s been running women’s circles & women’s retreats for almost a decade and a half, and her passion for working with women guided her 8 years ago to becoming a Closing the Bones practitioner, and later Closing the Bones trainer for the UK and Europe. It also directed her focus in yoga, nutrition, aromatherapy and herbal medicine to different areas

of women's lives and womb work. A lot of what she offers is centred around fertility problems, PCOS, endometriosis, painful periods, as well as sexual and/or birth trauma. Japjeet also teaches pregnancy, postnatal & baby yoga and is a postnatal doula. Alongside offering Closing the Bones ceremonies & Rebozo massages, Japjeet also offers Restorative massages (and trains others in this discipline), and works as a health & nutrition coach, life & yoga coach, and aromatherapist (with her own line of organic skincare and natural cleaning products). For 9 years in a row now (2017-2025), ThreeBestRated have awarded her with their 'Badge of Excellence' as 'Best Business of the Year' for the category Yoga Classes in Leicester, testifying to the consistent quality of classes and services offered. GHP also awarded her 'Yoga School of the Year 2020 – Leicestershire'. And Central England's Prestige Awards chose her as the 2021-2022 winner for 'Yoga Studio of the Year' and the 2022-2023 winner 'Yoga Specialist of the Year'. Find out more about Japjeet on her website: [www.shuniya-yoga.org](http://www.shuniya-yoga.org).

***Host: Arianna Moretti (Puran) – Rosie the cat is no longer with us, unfortunately...***

"My name is Puran Udini (you can also call me Arianna) and I met Japjeet a long time ago in London. Our friendship has deepened over the years and I'm grateful for our soul sister connection.

I moved out of London in 2016 and now live on the beautiful South West coast in Dorset. I'm really blessed to live by the sea and look forward to welcoming you all, and showing you some of the delights of this little island.

I work for the NHS, managing the Cardiac Rehabilitation department at my local hospital.

I'm a Kundalini Yoga teacher, I also play the Gong and Crystal Bowls, and am trained in Sat Naam Rasayan healing. I taught in rehab for many years and am very interested in helping people to overcome their addictions, find ways to help themselves, and learn to inhabit their bodies with ease and grace.

I love the water and I'm a keen scuba diver and PADI Divemaster, and dive here all year round. I also love to cook, I grow food in my garden and do enjoy my gardens even if they seem a bit wild and messy! When I have time, I like to read and I'm a very good knitter.

I'm delighted to host this retreat with Japjeet.

Grateful for everything. Love Puran 💜🙌🏻🌈"
